Our buildings have comfortable furnishings including bunk beds. Our lodging facilities boasts clean, modern indoor restrooms as well as heating and air-conditioning for optimal comfort.

Based on the size of your group, we offer the following overnight accommodations:

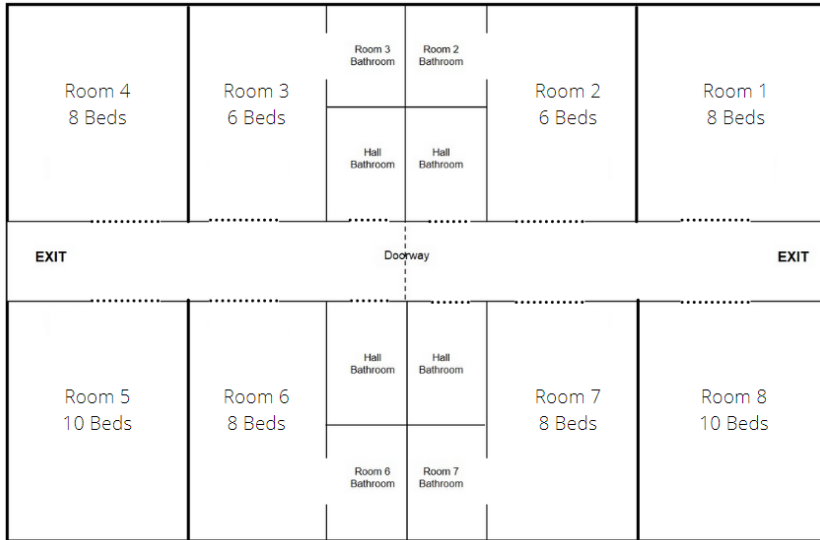

Main Lodge (64 Beds) – This lodge is centrally located on camp. The main lodge is our largest lodge, which makes it possible to have your entire group in one place. The building consists of eight separate bedrooms, with each room sleeping 6-10 people. Each bedroom has its own bathroom. Main Lodge is fully winterized and sleeps up to 64 people.

Gramercy Lodge (40 Beds) – Located across the pond, Gramercy Lodge has 4 large rooms with huge adjoining bathrooms. Each bathroom is fully handicap accessible, and includes two showers, two sinks and two toilets. This peaceful building is perfectly located for access to The Andrew Michael Rec Hall and Loft. Gramercy Lodge sleeps up to 40 people.

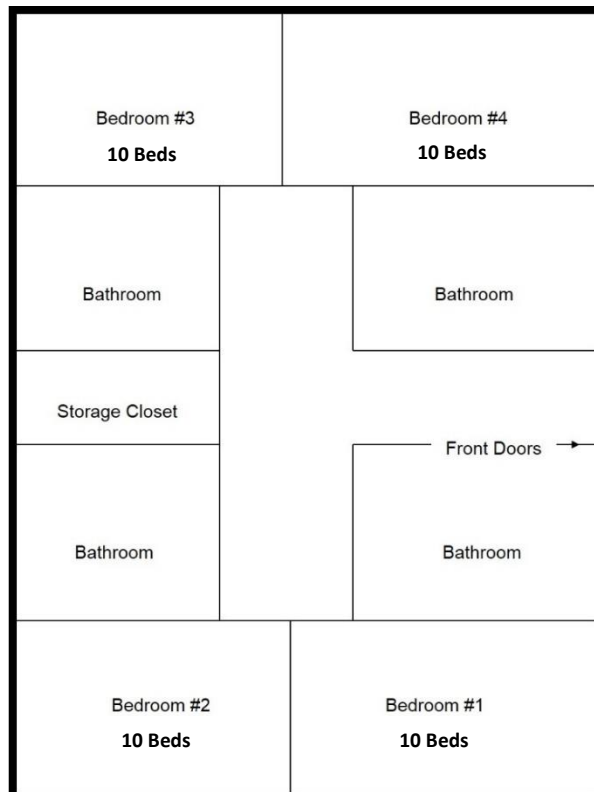

International Village (50 Beds) – Five beautiful log cabin-style buildings are situated close to the Main Lodge and named after different continents. With only 10 beds and a bathroom in each, the cabins offer a cozy retreat at the end of a day. Each cabin also has a small porch. Cabins are wheel chair accessible.

The Outdoor Center Activities

As you book your visit to camp, choose from the many activities we offer. Our diverse, experienced staff is always more than happy to tailor the Outdoor Center's programs to fit the needs of your group.

Our activities are specially designed to challenge and inspire your group to go above and beyond what they think is possible, both individually and as part of a group. Our trained and certified staff introduce, lead and then help the group evaluate their accomplishments.

Adventure Activities

Staffed by the Outdoor Center

Action Socialization Exercises (ASE) – ASE utilizes our low ropes course of platforms, cables, logs and ropes spread throughout the forest. The purpose is to create unique problems that your group must solve as a team. ASE is one of our most popular activities and is enjoyed by all ages!

Climbing Tower – This activity encourages groups to work as a team as they assist participants on their 30+ foot climb. Get a chance to climb the wall, ring the bell at the summit and then repel down.

Zip Line – Take a ride through the air on our zip line. Challenge yourself to take that first leap from our 30 foot platform and the rest is easy! The adrenaline runs fast and furious as you fly above the woods. **2 instructors required.**

Giant Swing – Your team mates use a pulley system to raise you to the top of our giant swing platform. At the top, pull a quick release and experience a truly "Giant Swing".

Flying Squirrel – You are attached to a climbing rope and hoisted into the air by a group of people pulling on the other end of the rope. You will be lifted quickly into the air as if you are flying. A great team challenge.

Horizontal Cargo Net – A unique take on a classic element. Instead of climbing vertically, pull yourself along the cargo net while suspended 30 feet in the air. Appearing as if you're traversing a ship's mast, it's no wonder this is becoming a camper favorite.

Burma Bridge – Climb high and cross a bridge from tree to tree! A challenge for even the most courageous, you are always hooked into with one of our experienced instructors.

Air Rings – Swing from ring to ring like monkey bars on a playground high above the ground. Can you reach the end?

Horizontal Ladder – Shake and wobble your way across to the end. Not holding the rope adds a greater challenge, much tougher than it looks from below.

Vine Walk – A high element activity designed to test your balance and confidence, reaching from vine to vine while walking along a foot cable suspended in the air.
